Planning the Content of My I-Search Presentation

Think about the things you would like to include in your presentation and list them below.

Title of presentation: _____

Your I-Search Question

Sources for Information:

Main ideas to include:

Project Requirements

Minimum number of slides

6

Minimum Number of Pictures

4

Number of animations

1

Minimum Number of Slide transitions

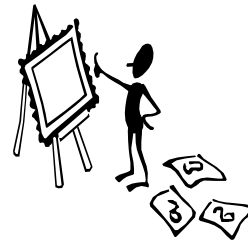

1

Other requirements:

1. Text will be easy to read . . . not smaller than 18 points, but preferably 24 or larger.
2. Pictures will be well-chosen and add to the content.
3. Text (content) should be in your own words and well written..
4. Ideas and slides should be presented in an organized way.

Presentation Planning (in pencil)

1. Complete a story board of your presentation.
2. Number each slide.

IMPORTANT:

- *Your slides contain just your "talking points" or main ideas (bare bones) from your I-search notes.
- *During your presentation, you will not usually read your slides.
- *Your audience will read the slides (main ideas) and look at the images while you share what you learned.
